

## Audubon Center Gardener

### **Brief Description:**

Gardeners at the Prospect Park Audubon Center are key to the physical beauty of the immediate areas surrounding the Prospect Park Audubon Center, the garden being an essential component of its public face. Gardeners will maintain the Audubon Center Garden areas by weeding, mulching, planting, transplanting, watering and fertilizing.

### **Responsibilities:**

- All gardening duties.
- Answer visitor questions and provide directions.
- Prepare, set-up and store program supplies.
- Other duties as needed.

### **Qualifications:**

- Natural green thumb or a desire to learn
- Interest in Natural History and Environmental Conservation
- Ability to work as part of a team
- Commitment to Prospect Park

### **Commitment:**

- 2 hours of initial training,
- One day volunteering per month

The Prospect Park Audubon Center at the Boathouse is a partnership of the Prospect Park Alliance and Audubon-New York
