**Flex League Google Group Tips**

Here are some ways in which you can maximize your use of the Google Group and enjoyment of the Flex League.

1. Post your messages within the thread for the level you are playing. This way, players can see messages that are relevant to their level of play.
2. Make sure you are getting email messages at the frequency that is appropriate for you. You can change how often you receive emails with new messages.

   When you are on the Google Group webpage, click "My membership."
   Click the drop down button and select how often you would like to receive email updates.
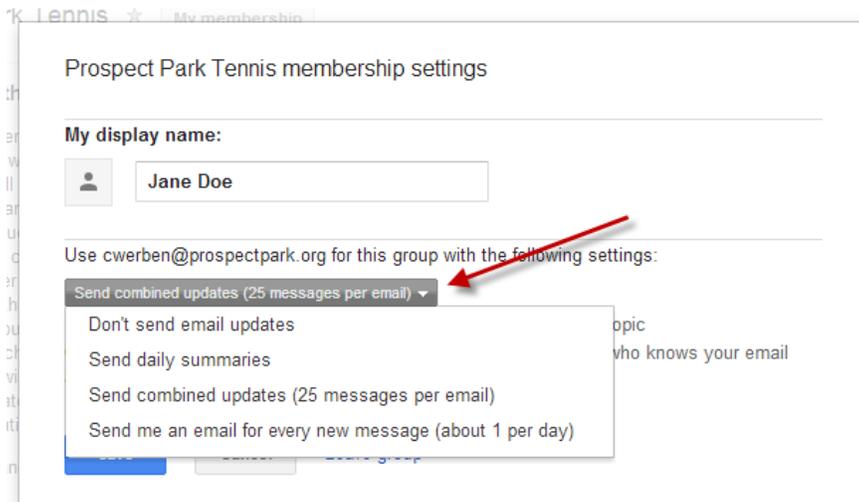

3. Look for advance court availability to be published every Monday. This gives you an extra week head start to reserve court time so you can get a jump on scheduling your matches ahead of the crowd.
